USER STORIES

Player

1. As a Player, I want to be able to view my HP/Mana/Food so that I can decide what actions to take.

2. As a Player, I want to be able to log in with a unique username so that my score can be saved across games and so that my data is not mixed up with that of other players.

3. As a Player, I want to be able to EAT so that I can heal.

4. As a Player, I want to be able to ATTACK so that I can damage the enemy.

5. As a Player, I want to be able to use SP ATTACK so that I can damage the enemy.

6. As a Player, I want to be able to view my opponent's HP/Mana/Food so that I can decide what actions to take.

7. As a Player, I want to be able to see my score so that I know what my score is.

8. As a Player, I want to be able to navigate to different pages with a click so that I can easily access the game's features.

9. As a player, I want to be able to see a nice user interface so that it is more of a pleasure to play the game.

10. As a player, I want to be able to use dice so that I will find the game more interesting.

11. As a player, I want to be able to view the result of dice rolls so that I know how the results of actions are computed.

12. As a player, I want to have different options for actions to take when battling so that I do not get bored with the game.

13. As a player, I want to be able to compete against a computer so I can play when I have no other people to play against.

14. As a player, I want to have a user guide so I know how to use the game.

15. As a player, I want to be able to view saved statistics so that I can compare them to current stats and compete against them.

16. As a player, I want to be able to exit during a battle in case I suddenly have to stop playing.

17. As a player, I want to be able to save statistics from battles so that I can view them when I want to.

Database Manager

1. As a Database Manager I want to be able to update the scores so that the players know their scores

2. As a Database Manager I want to be able to create usernames so that Players can see their scores across games.
