USER STORIES

Player

1. As a Player I want to be able to view my HP/Mana/Food so that I know what my options are.

2. As a Player I want to be able to log in so that my score can be saved across games.

3. As a Player I want to be able to EAT so that I can heal.

4. As a Player I want to be able to ATTACK so that I can damage the enemy.

5. As a Player I want to be able to use SP ATTACK so that I can damage the enemy.

6. As a Player I want to be able to view my enemies HP/Mana/Food so that I know when to attack.

7. As a Player I want to be able to see my score so that I know what my score is.

Game Controller

1. As a Game Controller I want to be able to update the scores so that the players know their scores

2. As a game Controller I want to be able to create usernames so that Players can see their scores across games.
